

KEPRO & CNSI ARE NOW

ACHIEVING YOUR CLINICAL ASSESSMENT GOALS

Strategies to Enhance Community Health Assessments

Optimize the assessment process every step of the way, from selecting exceptional clinical experts to advancing access to care – **deliver better health outcomes for the populations you serve.**

EMPOWER CLINICAL EXPERTS

through automation and a
robust knowledge base

ACHIEVING YOUR CLINICAL ASSESSMENT GOALS:

Empower Clinical
Experts

Break Down Barriers
to Improve Health
Equity

Leverage Innovation
to Accelerate
Access to Care

Seek out exceptional
assessors with a
passion for people and
a deep understanding
of the local community

Provide enhanced clinical
and regulatory training for
assessors to facilitate
accurate conflict-free
assessments, ensuring the
recommendations and care
provided are appropriate for
the member from the start

Relieve the
administrative burden
on clinical staff through
automated notifications
that streamline the
assessment process
and improve member
engagement
